

# MoliCare® Comfort, incontinence slip

## General Product Description/Intended Purpose

### Intended Purpose:

MoliCare® Comfort products are non-sterile absorbent slips for incontinence care for incontinent persons, used in home care environment as well as healthcare facilities for the usage of bladder weakness, urinary and faecal incontinence with several severities, applied by lay person as well as healthcare professionals. The products are for single use only but a new device can be applied indefinitely.

### Application/Indication

For several severities of urinary and faecal incontinence.

### Reference Numbers\*

Packaging		S	M
	Hip-/waist girth (cm)	60-90	90-120
P30	super	169 183	169 283

\*the full assortment may not be available in all countries

### Single use Device

Reusing a single-use medical device is dangerous. Reprocessing devices, in order to reuse them, may seriously damage their integrity and their performance. Information available on request. Reuse of the product could lead to microbiological contamination and/or mild infections of the skin.

### Product disposal

To minimize the risk of potential infection hazards, or environmental pollution, disposable components of MoliCare® Comfort should follow disposal procedures according to applicable and local laws, rules, regulations and infection prevention standards.

### Incident Reporting

For a patient/user/third party in the European Union and in countries with identical regulatory regime (Regulation 2017/745/EU on Medical Devices); if, during the use of this device or as a result of its use, a serious incident has occurred, please report it to the manufacturer and/or its authorised representative and to your national authority.
