### 1. General Product Description

Vala®Clean disposable washing gloves, disposable wash- and cleaning wipes with soft, absorbent surface structure.

### 2. Application / Indication

Disposable washing gloves (Basic, Film, Soft) or disposable cleaning wipes (Extra, Eco, Roll) for hygienic body care.

- Vala®Clean Basic:** Disposable washing gloves made of soft and tear-resistant non-woven fabric.
- Vala®Clean Film:** Disposable washing gloves made of airlaid cellulose with inner film lining for additional protection. The embossed surface structure enables gentle and thorough cleaning.
- Vala®Clean Soft:** Disposable washing gloves made of soft, fluffy and tear-resistant non-woven fabric, especially soft and absorbent.
- Vala®Clean Extra:** Disposable wipe made of soft airlaid pulp. The embossed surface enables gentle and thorough cleaning.
- Vala®Clean Eco:** Disposable wipes made of absorbent, recycled cellulose. The product is available in 3 and 4 layers.
- Vala®Clean Roll:** Disposable towels made of soft and absorbent airlaid pulp, in practical roll form, individually perforated and easy to tear off. Stable even when wet.
