### 5. Classification/Safety Aspects

In the Federal Republic of Germany MoliCare Skin Shampoo is classified as cosmetic product. The product is in compliance with the latest amendments of the European Directive on Cosmetics (EEC Council Directive 76 / 768 with Technical Adaptations and Amendments).

The product contains only ingredients which are permitted respectively which are not prohibited for cosmetic use according to the EEC Directive on Cosmetics.

The skin tolerance was dermatologically tested on persons with atopic dermatitis in eczema free intervall with the result "Well compatible with all test persons. In no case there were any undesirable reactions".

MoliCare Skin Shampoo was tested in a nursing home on persons with old skin under supervision of a medical specialist. The application of the product resulted in an improvement of the condition of the scalp and also in a reduction of dandruff and dryness. Furthermore, the very good skin tolerance could be attested.
