MoliCare Skin Care Bath

Spec.-No.: **D 9.0165**

Department: CMO-ID

Date: 05 Dec 2016

The product contains only ingredients which are permitted resp. which are not prohibited for cosmetic use according to the EEC Directive on Cosmetics.

The skin tolerability was dermatologically tested on predamaged (scarified) skin of human subjects with the result "good" as well as on persons with atopic dermatitis in eczema free interval with the result "Well compatible with all test persons. In no case there were any undesirable reactions".

Combined with other products of the MoliCare Skin series the Care Bath was tested in a nursing home on persons with dry old skin under supervision of a medical specialist. The combined application of the products resulted in an improvement of the skin condition. Furthermore the very good skin tolerability could be attested.
