Date: 05 Dec 2016

5. Classification/Safety Aspects

In the Federal Republic of Germany MoliCare Skin Body Lotion is classified as cosmetic product. The product is in compliance with the latest amendments of the European Directive on Cosmetics (EEC Council Directive 76 / 768 with Technical Adaptations and Amendments). The product contains only ingredients which are permitted resp. which are not prohibited for cosmetic use according to the EEC Directive on Cosmetics.

The skin tolerance was dermatologically tested on predamaged (scarified) skin of human subjects with the result "very good" as well as on persons with atopic dermatitis in eczema free intervall with the result "Well compatible with all test persons. In no case there were any undesirable reactions".

Combined with other products of the MoliCare Skin series the Body Lotion was tested in a nursing home on persons with dry old skin under supervision of a medical specialist. The combined application of the products resulted in an improvement of the skin condition. Furthermore the very good skin tolerance could be attested.

In a skin care study with measurement of skin moisture and skin surface lipid content the excellent care properties of MoliCare Skin Body Lotion were demonstrated.

6. Labelling

Lot-No. :

- 1st figure: year of manufacture (6=2016, 7= 2017 etc)- 2nd and 3rd figure: week of manufacture (from 01= first week of the year to 52)

e.g.:

7
year04
week of productionXXXXX
for internal purposes only7. Packaging

12 bottles with 500 ml in a transport carton, sealed with adhesive tapes.

05th December, 2016
